"Neighbors Working Together to Improve the Quality of Life in Our Neighborhood"

GREETINGS FROM OUR PRESIDENT

President's November Message

As we enter the month of November, continue to be kind, caring, thankful and grateful. Give some thought to a quote by Leo Buscaglia, "Too often we underestimate the power of a touch, a smile, a kind word, a listening ear, an honest compliment, or the smallest act of caring, all of which have the potential to turn a life around."

Thanksgiving, Christmas, New Year's Day and other events will bring families and friends together. Please plan ahead to protect yourself and others by getting your Covid -19 vaccines and flu shot. Covid is still alive, destroying families and people's health forever! Remember, an ounce of prevention can save lives. Many diseases have been controlled and or eliminated because of vaccines. Please get your vaccines ASAP.

May I take a moment to preach to the choir? We have too many people speeding up and down our streets. The speed limit is not 50 - 60 miles per hour. Yet we have people driving as if they are on a racetrack. Speeders are putting their lives and others in danger. Innocent people can get seriously injured or even killed if the speeder loses control of the vehicle. If you are a speeder, please obey the speed limit throughout our neighborhood. If it's your neighbor, please encourage him/her to slow down. (Yes, we are working to get speed bumps.)

Medical Emergency Tip: Make a list of your current medications/dosage and frequency; health insurance provider(s) with ID numbers, blood type, and emergency contact persons' information printed on a 3 X 5 index card. Keep the card with you at all times. This card saves valuable time during an emergency.

Have a wonderful day. Show some extra love to your family and friends.

Mary McCants, President

“Everybody can be great. Because anybody can serve. You don't have to have a college degree to serve. You don't have to make your subject and your verb agree to serve. You don't have to know the second theory of thermodynamics in physics to serve. You only need a heart full of grace. A soul generated by love.”

People of great values! Life is beautiful when beautiful people are present. I am using this medium to appreciate our indefatigable volunteers for their service in our community. Honestly, words are not enough to measure your loyalty and genuineness. History will never forget you as your names are documented in the Newcastle Concerned Citizens' Community history. I admire your zeal.
