## President's

Cynthia D. H. Privette

Greeting Neighbors,

I continue to encourage all of you to pray for those in western North Carolina and Florida who have been affected by hurricanes, Helene and Milton, to include my son and his family. The live nearby the Chimney Rock area, they are safe, but the devastation is awful. Here at home, my neighbors and I who live on the 200 block of Oakley Drive lost power for five days after Helene came through, brought down a tree on a power line on Warner Drive.

On a lighter note, neighbors, it's that time again to select a chairperson for our upcoming election of officers for NCCI. We are seeking someone to record the nominations, announce them at our Christmas function and then with the assistance of their chosen committee members, tally the votes and present the 2025 slate of officers at our January meeting. If you are interested please reach out to me or one of the officers directly. This is an exciting time and I look forward to handing the reins over to a newly elected President. All positions are available and the list of nominees will be printed in our January 2025 edition of the newsletter for your review before our January election meeting on January 16, 2025.

Please come out and be a part of our activities and events, especially our upcoming Christmas celebrations; you can find those dates in your monthly newsletter and our website. As always, be blessed, and thank you for your support.

*Cynthia D. H. Privette'*  
President, NCCI

**KNOW WHERE YOUR WATER SHUT-OFF VALVE IS LOCATED!**

At McCants Home, Thursday morning, I heard a very loud burst of water coming from the hall bathroom. I ran to check it out. Water was blasting from behind the commode.

I tried to turn off the water supply to the commode. The knob didn't budge! I called Therin for help. He couldn't get it to budge. He said, "I'll have to go outside and shut off the water to the house." By this time, water was everywhere!

Please locate your water shut-off valve to your home today. Know how to turn off the water.
